The total circulation of books for 1941 was 7,836; this is only a small increase over last year. Any increase in circulation is always encouraging be it ever so small.

The Library building has been improved both inside and out, but the repairs are not yet completed. So far we have new stairs, banister, hall floor, side walls in hall down stairs, new inside and outside hall doors.

The new porch is quite an improvement to the looks of the building.

The Bookmobile pays us regular visits every six weeks and leaves on an average of sixteen books each time.

Twenty-eight books have been given to the library this year and we wish to thank Mr. R. S. Ward, Mrs. Frances Jacobs, Mrs. M. E. Turner and Priscilla Emery for them.

We have been asked by the State Librarian and the President of the N. H. L. A. to collect books for the soldiers and sailors of the U. S. Army. Anyone having books they wish to contribute please leave them at the Library where the Bookmobile will collect them and take them to Concord.

JANE E. PRATT,
Librarian.

TEACHERS

Mabel I. Connolly, principal, Grades 7-8.
Orlando S. Ward, Grades 5-6.
Margaret R. Cyr, Grades 3-4.
Harriet F. Wilton, Grades 1-2.
Marion A. Donahue, special helping teacher.
Priscilla A. Bedell, piano and vocal music.
C. George McLure, band instruments.
Lottie M. B. Underhill, school nurse.
Dr. Burns, examining physician.
Forrest Emery, truant officer.
Lewis Wright, janitor.

Taking advantage of their many opportunities the pupils have continued to participate in many extra-curricula activities with excellent results. The pupils taking piano lessons have given several recitals. The choir has sung at some of these recitals, taken part in numerous school exercises, and sung in the Easter service at the Methodist church in Woodsville. The

band has attended both the New England and New Hampshire festivals and furnished a series of summer concerts.

The boys of the manual training classes have improved the shop by building a storage cupboard for tools and a dust-proof room for painting. In their various classes the girls have been doing a high grade of work in sewing and cooking. In June, when the standard achievement tests were given to all the elementary pupils of my seven districts, the highest scores in grades three and eight were made by Monroe pupils. It is a pleasure to report that five of our teachers have taken courses at the University or the Teachers College during the last few months.

As usual the school property has been kept in perfect condition. A storehouse has been built beyond the outdoor stage and the attic of the school insulated. The rock wool used for insulation together with the flooring to be put over it will save fuel and furnish protection from incendiary bombs. As a further protecttion some temporary movable stairs to the attic have been constructed. For the better receiving of a warning in case of an air raid a telephone has been installed. In accord with instructions sent out by the defense council it is planned to shelter the children in the inside corridors of the school should a raid occur. Drills are being held so the pupils may know where to go if an alarm is given.

Respectfully submitted,

EDWARD A. JANES.
